PROFILE

Computer Science graduate with hands-on experience to web development, data analytics, and cloud technologies, and a strong interest in cloud computing, cloud security, and identity & access management (IAM). AWS Academy and NPTEL (IIT Kharagpur) certified, with research experience in data leakage detection. Detail-focused, collaborative, and a quick learner who enjoys building secure, reliable solutions.

SKILLS

- **Technical Skills:** C, Python, AWS, SAP BTP (Basics), Computer Vision
- **AI & Automation:** Cloud Computing, AWS Cloud Foundations, Cloud Security (learning), Identity & Access Management (learning), Data Leakage Detection
- **Soft Skills:** Collaboration, Problem-Solving, Adaptability, Time Management
- **Tools & Platforms:** Dev C++, AWS Platform, Claude
- **Languages Known:** English, Tamil, Hindi, French (beginner)

PROJECTS

AI Crime Surveillance Grid | Python, Computer Vision 2025

- Built a smart surveillance system to automatically detect and track people in video streams using AI models.
- Implemented real-time object detection and tracking to reduce manual monitoring of CCTV footage.

CONFERENCE

Data Leakage Detection | ICSCAN 2023 Conference 2023

- Co-authored a research paper on detecting accidental data leaks using machine learning.
- Applied SMOTE for class imbalance and presented findings at the ICSCAN 2023 conference.

ACHIEVEMENTS & CERTIFICATIONS

- Elite Certificate – Cloud Computing (NPTEL, IIT Kharagpur, 2025)
- AWS Academy Cloud Foundations (2024)
- Claude 101 — Anthropic (via Skilljar), 2026
- AI Fluency: Framework & Foundations — Anthropic (via Skilljar), 2026
- Story published – 'Finding a True Friend' in the anthology 'Discovering You' (True Dreamster, Dec 2023)

EDUCATION

- **B.Tech, Computer Science & Engineering** — Sri Manakula Vinayagar Engineering College | CGPA: 8.45
- **Grade 12** — Sri Sankara Vidyalaya Higher Secondary School, MG Road | 77.17%
- **Grade 10** — Sri Sankara Vidyalaya Higher Secondary School, MG Road | 72.8%
